Planetary Health: The Contribution of Transcultural Care - The Past, The Present and The Future

CALL FOR ABSTRACTS

DEADLINE 23 MARCH 2024

The "Planetary Health: The Contribution of Transcultural Care – The Past, The Present, and The Future" conference, aims to explore the intricate intersection of between human health, ecological systems, new technologies, and transcultural care practices.

By examining historical and contemporary examples of transcultural care, we will delve into how diverse cultural perspectives have contributed and can continue to do so in order to achieve better planetary health.

This conference seeks to challenge conventional thinking by encouraging the attendees to deliver out-of-the-box presentations, discussions and other innovative formats of delivery. Participants will be invited to share their experiences, research, and vision for transcultural care in a way that is both engaging and thought-provoking.

Key themes may include:

- Historical perspectives on transcultural nursing and its impact on global health
- Current challenges and successes in providing culturally competent care
- Future directions for transcultural care in addressing planetary health issues
- Innovative approaches to integrating diverse healing traditions
- The role of technology in bridging cultural gaps in healthcare

Submission Guidelines
All papers must be original and not simultaneously submitted to another journal or conference. The following paper categories are welcome:

- Oral presentation (15 to 20 minutes)
- Posters
- Workshop/Symposia (up to 60 minutes)
- Performance

At the review stage, the Scientific Committee may recommend a change in the presentation type submitted by the author, based on the quality of the submission and to ensure the continuity of the conference programme i.e. oral presentation may be changed to poster presentation OR poster presentation to oral presentation. The presenting author will be informed of any change to their submitted presentation type at the acceptance notification stage and can accept/reject. The decision of the Scientific Committee is final.
